Coach A.

The transition from middle school to high school is drastic, even within the walls of CHS. In the fall of 2006 there was a new teacher who was simultaneously feeling the excitement, anxiety and curiosity of the nearly 100 incoming freshmen. This teacher, Mr. Afanasiw, or affectionately known as Mr. A and Coach A, came onto the Skipper scene in 2006 with big shoes to fill. He was to replace the beloved history teacher and football coach, Mr. Rolfe. During the past four years he has made his mark as an engaging teacher, successful coach and an inspiring mentor.

Coach A started his first year as the new, funny world history and sociology teacher. The majority of the class of 2010 first encountered him in the mandatory world history class during freshmen year. Over the few years his curriculum changed and his popularity skyrocketed. In 2007 he augmented the history department by creating the "Holocaust & Human Behavior" class for upperclassmen. All students who have taken this course are given a new perspective and understanding of the Holocaust. Coach A, in Holocaust & Human Behavior and all his other classes, teaches these emotional topics with careful sensitivity and with unique outlooks. Senior student and Holocaust class veteran Kate Durant thoroughly enjoyed the class and its teacher so much that when reflecting on her experiences and her opinion on Coach A all she could say was, "He is the man, that is about it". Such strong opinions and kind words could only be attributed to a phenomenal teacher which Mr. A is.

Cohasset's football program has always been successful and well respected. Although, like any team, the Skippers have had up and down seasons. Coach A's first season was a rebuilding year with a record of 3-5-2. The next two seasons were victorious seasons with records of 8-2 and 7-4. The past season of 2009 proved the team to have matured greatly when the Gridirons amassed a record of 9-2 and a playoff berth. As well as significantly developing the program, he has sent several players to collegiate teams, including his division 1 alma mater, University of Rhode Island. His presence in the school as a coach with three out of four winning seasons has contributed to Cohasset's athletic excellence. He swiftly turned the program into a feared and recognized team while impacting the lives of his players positively in more ways than one. Student athlete Dana Valentine elaborates, "He is not just a coach, he is a friend, a teacher, and a role model. He truly cares about all his students and players".

Coach A has influenced CHS greatly in the short four years that he has been here. The class of 2010 will always remember his signature response "yeaaaaah", how he keeps his windows open almost all year round and his lucky game day shorts. He has touched all of our lives and we will always remember him like he was a freshman entering Cohasset High School with us. Thank you for all you have done for the class of 2010 Coach A!

SEPTEMBER

Do you remember the 21st night of
September?
Love was changing the minds of pretenders
While chasing the clouds away

Our hearts were ringing
The key that our souls were singing
As we danced in the night,
Remember how the stars stole the night away

a de ya - say that you remember
a de ya - dancing in September
a de ya - never was a cloudy day

My thoughts are with you
Holding hands with your heart to see you
Only blue talk and love,
Remember how we knew love was here to stay

Now December found the love that we
Loved in September.
Only blue talk and love,
Remember the true love we share today

a de ya - say that you remember
a de ya - dancing in September
a de ya - never was a cloudy day

a de ya - say do you remember
a de ya - dancing in September
a de ya - golden dreams were shiny days

Some bells were ringing
Our souls were singing
Do you remember, never a cloudy day?

a de ya - say that you remember
a de ya - dancing in September
a de ya - never was a cloudy day

a de ya - say do you remember
a de ya - dancing in September
a de ya - golden dreams were shiny days

Milestones come & go
And with experiences
Come wonderful memories...

Cherish them and create more!

Remember, the best is yet to come!
Enjoy the ride....

It's never really about the destination....
It's the time spent getting there, the people
Along the way, and the choices made.
Enjoy them all.

Be sure to live life to the fullest,
Never settle,
Tyler, always take your sense of humor.
And Kate, always take your zest for life.

Take advantage of open doors,
Always explore opportunities,

GO BLUE

I hope you never lose your sense of wonder
You get your fill to eat
But always keep that hunger
May you never take one single
breath for granted
God forbid love ever leave you empty handed
I hope you still feel small
When you stand by the ocean
Whenever one door closes,
I hope one more opens
Promise me that you'll give faith
a fighting chance
And when you get the choice
To sit it out or dance
I hope you dance..... ~Lee Ann Womack

My Dearest Leslie,
I realized how the years have flown by; just like the
tornado whirling, there will be challenges. I have no doubt
that unlike Dorothy; you will follow no established road,
whether it be yellow or any other color it will be up to you.
As you climb the mountain of your hopes and reach for
the opportunities of your dreams pause and reflect upon
the paths where you have come. You have made us
especially proud! congrats
